Estimated number of calves to place in program:

Commingling Date	Enrollment Deadline	# Steers	# Heifers
Wed Oct 4, 2006	September 4, 2006		
Dec ?	November 4, 2006		

*December commingle date will likely be the first week of December; exact date to be announced.

All members enrolling cattle must pay a \$75 deposit toward the enrollment fee to sign up cattle. This deposit is non-refundable, but will be applied toward the program fee of \$15 / head at commingling. Thus, the fees for participation are the same, but by placing a deposit we prevent problems from people enrolling cattle and not showing up at commingling (which creates issues with reserved trucking and pen space). New members will also have a \$75 deposit, and \$25 will be applied toward commingling fees and \$50 will be applied toward a one time membership fee to enter the group.

All cattle enrolled in program will be marketed in groups as determined by program guidelines and consigners. Each producer agrees to market their enrolled cattle with the group based on a majority decision by consigners as determined by vote at a meeting.

I understand the full guidelines of Missouri Verified Beef and agree to the above statements.

Producer Signature: _____ Date: _____

To enroll cattle or for more information please mail, fax or email this form to:
